**NEWS RELEASE**

**TSX-V SYMBOL: APH**

**January 19, 2009**

**ALDA receives new DIN for T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Wipes**

Vancouver, BC - ALDA Pharmaceuticals Corp. (APH:TSX-V) (“the Company” or “ALDA”) announces that a new DIN has been issued by Health Canada for T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Wipes (02321947). This new product complements ALDA’s previously approved T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Gel (DIN 02314320) and T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Liquid (DIN 02321424) and allows the formulation to be manufactured and sold as wipes.

Compared to typical alcohol-based hand sanitizers, ALDA’s T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer is a unique formula with two active ingredients that provide faster action against a broader range of infectious organisms and offer a long-lasting residual effect.

Dr. Terrance Owen, President & CEO states, “With three DIN’s for the T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer and one for the T<sup>3</sup>6<sup>®</sup> Disinfex Disinfectant Cleaner (DIN 02314134), we now have four approved consumer products. Being able to offer these products separately or bundled together in various combinations provides a great deal of flexibility to our customers”.

**About ALDA Pharmaceuticals**

ALDA is focused on the development of infection-control therapeutics derived from its patented T<sup>3</sup>6<sup>®</sup> technology. The company trades on the TSX Venture Exchange under the symbol APH.
