**ALDA PRODUCTS POPULAR AT O.D.A. MEETING IN TORONTO.**

Vancouver, BC - Representatives of ALDA Pharmaceuticals Corp. (APH:TSX-V) (“the Company” or “ALDA”) attended the 142<sup>nd</sup> Annual Spring Meeting (“ASM”) of the Ontario Dental Association (“ODA”) on April 30 and May 1, 2009. This meeting is the largest dental conference held in Canada and took place at the Metro Toronto Convention Centre. Joining over 275 other exhibitors at the ASM, ALDA presented its new product line to over 10,000 dentists and 25,000 dental staff.

The products on display included:

- T<sup>3</sup>6<sup>®</sup> Disinfectant
- T<sup>3</sup>6<sup>®</sup> Disinfectant Wipes
- T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Gel
- T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Wipes
- T<sup>3</sup>6<sup>®</sup> Disinfectant Cleaner CONCENTRATE

All of the products attracted significant interest and a large number of samples were provided to the attendees. The safety and efficacy of T<sup>3</sup>6<sup>®</sup> Disinfectant was of particular interest as was the ability of T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer to kill Norwalk-like viruses and to have a residual anti-microbial effect, unlike typical alcohol-based hand sanitizers. As a result, T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Gel and canisters holding 160 T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer Wipes were very popular. With the addition of T<sup>3</sup>6<sup>®</sup> Disinfectant Cleaner CONCENTRATE to the product line, the attendees recognized that ALDA’s products can satisfy all of their infection control needs.

Dr. Terrance Owen, President & CEO, states, “It was very gratifying to see such a positive response to our products. Certainly this was enhanced by the concern over H1N1, the so-called “swine flu”. People were very surprised when, as a demonstration of the safety of our products, we sprayed T<sup>3</sup>6<sup>®</sup> Disinfectant directly on to our hands. Everyone who tried T<sup>3</sup>6<sup>®</sup> Antiseptic Hand Sanitizer told us that they think it is superior to other comparable products and, when they learned about its greater efficacy and residual effect, were even more interested. We will now be working towards capitalizing on the enthusiasm generated from this conference and commencing our marketing program as soon as possible.”

**About ALDA Pharmaceuticals Corp.**

ALDA is focused on the development of infection-control therapeutics derived from its patented T<sup>3</sup>6<sup>®</sup> technology. The company trades on the TSX Venture Exchange under the symbol APH.
